PROFESSIONAL EXPERIENCE

Therapist and Co-Founder	May 2025- Present
<i>Unbound Sex Therapy & Transformative Counseling</i>	
<ul style="list-style-type: none">Provides individual counseling, sex therapy, and relationship therapy to primarily neurodivergent, gender-expansive, consensually non-monogamous, and kinky individuals using an integrative eclectic framework guided by a liberatory and person-centered lensDevelops holistic and comprehensive treatment plans in collaboration with clients to support their unique needs and goals for therapyPerforms ADHD and Autism assessments using neurodiversity-affirming principles that challenge internalized ableism while providing access to diagnosis to clients who need one to access necessary supports.Develops curriculum and leads trainings, presentations, and conversations with the larger community on topics relevant to neurodiversity, non-monogamy, gender-expansive experiences, sexuality, and BDSMWrites WPATH letters for clients to access gender-affirming medical care using WPATH standards of care, as well as being mindful of other relevant considerations for insurance and medical providers.Writes Medicaid-compliant clinical notes and treatment plans in a timely manner	

Mental Health Therapist	May 2025- Present
<i>Serotiny Counseling</i>	
<ul style="list-style-type: none">Provides individual counseling to primarily neurodivergent and gender-expansive individuals using an integrative eclectic framework guided by a liberatory and person-centered lensFacilitates a counseling group that focuses on psychoeducation, community support, and processing experiences surrounding gender euphoriaDevelops and evaluates holistic and comprehensive treatment plans in collaboration with clients that are Medicaid compliant, while being sensitive to the safety, goals, and needs of clients	

- Performs ADHD and Autism assessments using neurodiversity-affirming principles that challenge internalized ableism while providing access to diagnosis to clients who need one to access necessary supports
- Writes WPATH letters for clients to access gender-affirming medical care using WPATH standards of care, as well as being mindful of other relevant considerations for insurance and medical providers
- Attends biweekly individual supervision and monthly clinical meetings to support continued growth as a therapist and provider
- Writes Medicaid-compliant clinical notes and treatment plans in a timely manner

Lead Trainer

April 2024- Present

Neurodiversity-Affirming Psychotherapy Training Institute (NAPTI)

- Leads neurodiversity training for mental health professionals that focuses on the clinical application of neurodiversity-affirming practices and dismantling ableism within the psychological field
- Develops curriculum, such as “BDSM and Neurodivergent Liberation” and an interactive workshop format of our “Neurodiversity 101,” for our training line-up and organization-specific trainings
- Collaborates with the training director to create new training curricula on clinical interventions relevant to sensory neurodivergent clients, such as “Suicide Prevention for Neurodivergent Clients” and “Polyvagal Theory Applied to Neurodivergent Clients.”
- Updates existing curriculum to reflect the newest research and feedback from the mental health community
- Manages website, social media, bookings, and correspondence; collects and shares new research and resources for therapists supporting neurodivergent clients
- Engages in group consultation to better serve neurodivergent clients, and provides education and insight to other counselors working with similar populations
